Specs: 33" L or 36" L, (Sliding Swing Weight 10oz-12oz.), Bat weight 27oz.

Backed by research, incorporates the benefits of both the light bat and weighted bat swing training aids. Better than using weighted bats or a donut. Provides the mental benefit needed for improved swing mechanics and better contact at the sweet spot. **The only training bat that can make these claims.**

Product Features: Baseball and Softball Applications: Unique product features

- For Children (over 8 yrs.) and Adults as well as Seniors.
